

Participation Permission Slip for Summer Science Nation and Prepare to Care Labs

As part of the lab activities, students will be observing (and handling if they want to) human organ specimens. Participation in these activities is voluntary. In order to participate, each program participant must have a signed permission from their parent(s)/guardian(s).

Permission to participate:

I have read and understood the nature of these activities and I give my permission for (participant's name) _____ to participate in these lab activities.

Name of Parent/guardian (PRINT) _____

Signature of Parent/guardian _____

DATE _____
